### **Make an Impact on Disaster Medicine and Public Health Education and Training**

This exciting and important workshop will bring together federal and non-federal stakeholders for discussion of key issues, information sharing and networking related to disaster medicine and public health education and training.

#### **Workshop Objectives:**

- Receive the latest update regarding key federal activities and legislation
- Share federal and private sector education and training integration strategies
- Develop recommendations and a way ahead for future collaboration

#### **Who Should Attend:**

- Representatives from state and local government
- Accredited academic organizations
- Professional organizations
- Private sector entities involved in competency development
- Practitioners in the field
